Objective

Computer Science student passionate about building real-world applications and exploring Data Science and Artificial Intelligence. Seeking opportunities to apply programming skills, gain practical experience, and contribute to impactful technology-driven solutions.

Education

Bachelor of Technology (B.Tech) – Computer Science & Engineering
ITM Skills University, Mumbai
2025 – 2029

Technical Skills

Programming Languages: Python, C++, JavaScript

Web Development: HTML, CSS, JavaScript

Core Concepts: Object-Oriented Programming (OOP), Problem Solving

Tools & Technologies: Git, GitHub, VS Code, MS Office, Google Workspace

Projects

Parking Management System (C++)

- Developed a console-based system to manage vehicle entries, exits, and parking fee calculations.
- Applied object-oriented programming concepts for structured and efficient implementation.

Expense Tracker Application (Python)

- Built a Python-based application to manage daily expenses with features for adding, tracking, and displaying records.
- Improved understanding of data handling and logical structuring.

Whack-A-Mole Interactive Browser Game (JavaScript)

- Created an interactive browser game using HTML, CSS, and JavaScript.
- Implemented DOM manipulation and event handling for dynamic gameplay.

Tic-Tac-Toe Web Game (JavaScript)

- Designed a two-player interactive game with real-time user input handling.
- Implemented win-condition logic and game reset functionality.

Habit Tracker Application (Google AI Studio)

- Developed a habit tracking application to monitor and manage daily routines.
- Designed a system to record user habits and track progress over time.

Certifications

- Simplilearn HTML Certificate – Completed HTML course on Simplilearn.

- Hackathon Participation Certificate – Participated in a collaborative coding hackathon.

Bhuvisha Gohil

has successfully participated in the
SummerHacks 2026 Hackathon

demonstrating creativity, problem-solving,
and innovation in a fast-paced arcade-inspired challenge.

Dr. Kalpana Kumaran
Assistant Director (B-Tech)

Dr. Arti Pardeshi
Head of Department (B-Tech)

Poonam Khanvilkar
Assistant Professor (B-Tech)

Achievements & Activities

- Participated in hackathons and collaborative coding challenges.
- Actively building projects in software development and web technologies.
- Exploring Data Science, Artificial Intelligence, and modern software tools.

Additional Information

- Strong interest in Data Science, AI, and software development.
- Quick learner with a problem-solving mindset.
- Committed to continuous learning and skill development.
